West Virginia University Course/Credit Transfer Policies for Study Abroad

Academic credit is an important part of your study abroad experience. Please read the instructions and procedures below carefully. Also, remember it is imperative that you complete all of the documents required for study abroad to ensure your transfer of credit (http://internationalprograms.wvu.edu/r/download/708459). If you have questions, contact the Office of International Programs (oip@mail.wvu.edu) or 304-293-6955.

Instructions for Students

1. The Study Abroad Transient Form is used for all study abroad programs requiring transient credit. Be sure to list all courses that you intend to take while at the host institution.

2. The Study Abroad Transient Form indicates that your Academic Advisor and/or the Departmental Advisor has approved your course choices for your program. For example, if you are majoring in History and planning to take an English course, you will have an Advisor in the English Department approve the course by signing next to the individual course.

3. Your Academic Advisor, your Academic Dean/Designee and you will sign the bottom of the form. Retrun the complete form to International Programs. Remember to make a copy for your records. International Programs will sign and send the transient form to Admissions once we have received your official study abroad transcript upon completion of your program.

4. Remember, the credits you earn abroad will appear on your WVU transcript but will not count towards your overall GPA at WVU. Also, be aware that credits differ in other countries; be sure that your credit equivalency calculations are correct. For example, if you are taking a course that is 6 ECTS (European Credit Transfer System) it will be equivalent to 3 WVU credits.

5. If you must change a course after arriving abroad, contact your Academic Advisor immediately. You will need to receive written consent from your advisor to change your course selections. Please be sure to keep a copy of this correspondence as you will need to supply it to International Programs. Keep in mind that the credit transfer process can take anywhere from 3-6 months depending upon the host institution. Remember that it is best to bring your syllabi/course descriptions home with you from your study abroad.

6. Finally, request that an official copy of your transcript be sent to International Programs. Your credits from your study abroad cannot be transferred without an original official transcript.

Instructions for Faculty/Advisors/Deans/Designees

1. Academic Advisors: Please review the transient form and course descriptions/syllabi that are provided by the student. You can approve the course equivalencies by filling in the WVU equivalent next to each study abroad course. As the Academic Advisor, you can approve any course that is within your department. Please sign and date the transient form. If the courses are outside your department, refer the student to the appropriate Departmental Advisor to get the courses outside your department approved.

2. Departmental Advisor: Please review the transient form and course descriptions/syllabi that are provided by the student. You can approve the course by filling in the WVU equivalent next to each study abroad course. As a Departmental Advisor, you can approve any of the courses that are within your department. Then sign beside the appropriate WVU course equivalency on the transient form.

3. Department and Academic Advisors: Please attach any special requirements to the transient form if necessary. If you have questions, please contact International Programs (oip@mail.wvu.edu) or 304-293-6955.

4. Dean of Academic College/Designee: Your signature verifies that you are aware that the student is studying abroad for the specified term and course(s) and will receive credit as long as they meet the minimum grade requirements. Please be sure to check that the student's residency requirements for a degree from WVU will not be disrupted by attendance at another institution, and that the student is in good academic standing (2.0 GPA or higher).

5. If the student must change a course after arriving abroad, they will need to contact the Academic Advisor immediately. The student will need to receive written consent from the advisor to change their course selections. The student will need to be sure to keep a copy of this correspondence and supply it to International Programs. Keep in mind that the credit transfer process can take anywhere from 3-6 months depending upon the host institution. Remember that it is best to bring all syllabi/course descriptions home from the study abroad experience.

6. Finally, the student will need to request that an official copy of the transcript be sent to International Programs. The credits from studying abroad cannot be transferred without an original official transcript.
